*Bulbophyllum sumatranum*

*Dendrobium thyrsoflorum*

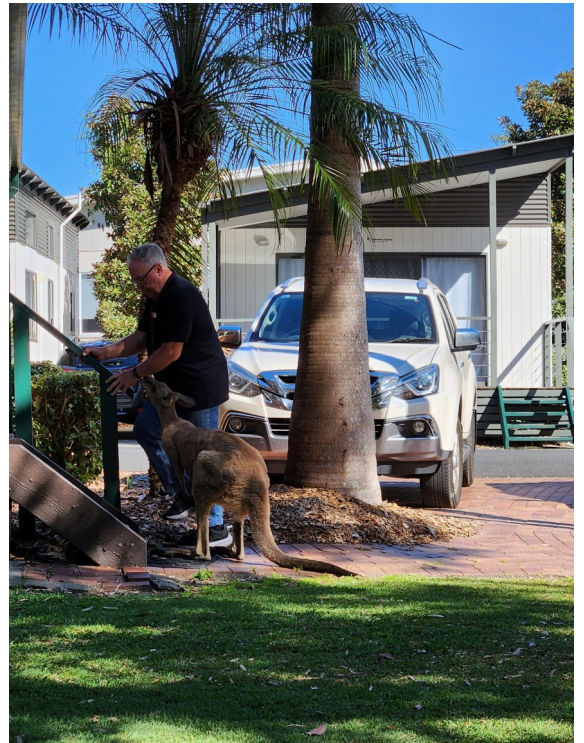

# Australian Orchid Council Conference

## Woolgoolga October 2025

How many flowering orchid plants can you fit in Barry's trailer for the trip to Woolgoolga?? Almost all the plants in the EDOS and QOS displays, plus some that were either benched separately or not used in the displays were on board.

The local wildlife at the park was very friendly. Ken found a new friend who wanted to come inside and meet Sharon. (Needless to say, Sharon wasn't very keen on the idea!)

**The EDOS Inc Display covered 2 tables, with many Prizes being awarded to individual plants.**

We even took a crab down with us to put in the river!
